Once your account has been created and you are logged in, you now have the ability to stream from all of LiveBarn's venues.

KCU Fit is scheduled to go Friday afternoon, January 15.

You can search for venues by State, City, or Venue name in the search bar. The icon to the right of the search bar also allows you to filter the venues by sport.

The screenshot shows the LiveBarn website interface. At the top, there is a navigation bar with the LiveBarn logo, links for NHL FACILITIES, VENUES, MY HIGHLIGHTS, and FEATURES, and buttons for SIGN UP and SIGN IN. A search bar is located below the navigation bar, containing the text "Search by State, City or Venue name". To the right of the search bar is a filter icon (two vertical bars with arrows) circled in red. Below the search bar, it says "Results:1504". A table lists various NHL venues with columns for Name, City, State/Province, Country, and Streams.

Once you have selected a venue, you will have 2 options:

Livestream

If cameras are active and public, you can select the first icon to see the field live. LUFC plans to broadcast all of our games Friday nights through Sundays in this manner.

If cameras are active and private, you can select the first icon, but you will be asked for a 4-digit code. A vast majority of LUFC training sessions will be private and not open for public viewing on weeknights.

If cameras are inactive, that means there is no activity and the cameras are off.

VOD

LiveBarn offers video on demand options for the past 30 days. If interested in viewing a game that has already occurred, select this second icon.
